

# Foodmax GREASE CAS

*Spray grease based on superb water resistant technology*

Foodmax Grease CAS Spray is H-1 approved for use in food processing equipment where incidental contact with food may occur. They are designed to provide superior performance at low and elevated temperatures (from -40 up to over 200 °C) and during periods of infrequent lubrication in food processing applications. It is best suited for low to medium applications under adverse conditions including the combined action of (salt) water, steam, temperature and other foreign material such as process fluids which are seen in sugar beet processing. Foodmax Grease CAS can be used for general lubrication, slide ways, chains and high load bearings in the food industry. Suitable temperature range -40 °C up to over 200 °C.

- Excellent EP and AW properties
- Contains no colorant
- Formulated for enhanced resistance to hot, cold and salt water
- Superior rust protection

## Description

Foodmax Grease CAS

CRT 12x400ml

## Application

- Water exposed chains
- Wires
- Gear mechanisms
- Hinges
- Shafts and bearings
- Slides
- Joint mechanisms
