

## Foodmax Multi

### Food grade fluid for chains

#### Description

Foodmax Multi is an adhesive white lubricant made of synthetic base oils is fortified with PTFE.

#### Applications

Lubrication of chains, conveyors, slides, joints, mould slides, small bearings or any other application which requires a food grade high performance lubricant. Also suitable for textile, paper and graphic arts, plastic, tobacco and elevator industry. Also provides excellent performance in motorcycle chain lubrication and in high speed kart transmission chains.

#### Typical performance data

	Multi
Density @ 20 °C, cSt	0,95
Appearance	White viscous liquid
Flash point, °C	>260

Foodmax Multi is not recommended for low temperatures.

#### Benefits

- Efficient lubrication of the major working points
- Protecting chains on the out- and inside
- Very good penetration
- Water and temperature resistant
- Inert to dust and dirt
- Avoids seizing and wear
- Extends chain life
- Clean operation and protects from contamination
