

## **HYDRA POWER 46**

## **Hydraulic Oil**

**HYDRA POWER 46** is a high performance anti-wear hydraulic oil developed for high pressure hydraulic systems operating under moderate to severe conditions in mobile and industrial service.

**HYDRA POWER 46** is formulated with high quality virgin mineral base stocks in combination with a special additive technology to achieve the following performance:

- Exceptional anti-wear property results in longer component life reducing costs.
- Excellent shear stability minimizes viscosity loss over time and exhibits "stay-in-grade" performance under high shear conditions.
- Excellent thermo-oxidative.
- Superior demulsibility helps in faster separation of water from oil and resists formation of emulsions.
- Special rust & corrosion inhibitors protect multi-metallurgy components even in presence of moisture.
- Rapid air release property due to non-silicone anti-foam technology to minimizes chances of pump cavitations leading to trouble free operations.
- Compatible with multi-metals & most sealing materials commonly used in hydraulic systems.

## **HYDRA POWER 46** meets the following performance criteria:

**Typical Analysis** 

| Properties               | Unit                   | Method      | Typical Value    |
|--------------------------|------------------------|-------------|------------------|
|                          |                        |             |                  |
| ISO VG Grade             |                        | ISO 3448    | 46               |
| Density @15°C            | kg/m3                  | ASTM D4052  | 870              |
| Kin. Viscosity @40°C     | mm2/s                  | ASTM D7042  | 46.8             |
| Kin. Viscosity @100°C    | mm2/s                  | ASTM D7042  | 7.0              |
| Viscosity Index          |                        | ASTM D2270  | 107              |
| Flash Point COC, min     | °C                     | ASTM D92    | >201             |
| Pour Point               | °C                     | ASTM D7346  | -35              |
| FZG Fail Load Stage, min |                        | DIN 51354-2 | 11               |
| Demulsibility @54°C      | Minutes                | DIN 51599   | Pass             |
| Date Issued: 10-6-2021   | Supersedes: 11-10-2016 |             | Revision Nr.: 01 |
